**REQUEST FOR WAIVER**

This Request for Waiver (the “Waiver Request”) is being submitted by Salmon PCS Licensee LLC ("Salmon"). Salmon PCS respectfully requests a waiver of Section 1.2110(n) of the FCC Rules which requires designated entities to file an annual report. Good cause for this Waiver Request is shown.

As is reflected in the Commission's licensing records, the Commission has granted its consent to the transfer of control of the parent of Salmon, Salmon PCS LLC. *See* ULS File No. 0002633979. The grant of the transfer of control has become final and beyond review. In accordance with the representations made to the Commission in the transfer application, the transaction is scheduled to close on October 11, 2006, immediately following the five year

anniversary of the license grant date at which point the Commission's unjust enrichment provisions no longer apply.

Because the FCC-approved transfer of control of Salmon is imminent, and the company no longer will be operating as a designated entity, no useful regulatory purpose would be served by having Salmon devote its time and attention to the preparation and filing of the annual report. In addition, because of the work that needs to be done by Salmon personnel in anticipation of the closing, the preparation and filing of the annual report would impose an undue burden on the licensee. Based upon the foregoing, this Waiver Request is justified under Sections 1.925(a)-(b) of the Commission's Rules.

Respectfully submitted,

**SALMON PCS LICENSEE, LLC**
